A Land of Liberty?: England 1689-1727 (New Oxford History ...

Sweet land of liberty, Of thee I sing; Land where my fathers died, Land of the pilgrims' pride, From ev'ry mountainside Let freedom ring! My native country, thee, Land of the noble free, Thy name I love; I love thy rocks and rills, Thy woods and templed hills; My heart with rapture thrills, Like that above. Let music swell the breeze, And ring from all the trees

A Land Of Liberty ? England 1689 - 1727 | Oxfam GB | Oxfam ...

A liberty was an English unit originating in the Middle Ages, traditionally defined as an area in which regalian right was revoked and where the land was held by a mesne lord (i.e. an area in which rights reserved to the king had been devolved into private hands). It later became a unit of local government administration.

Awful landlord!! - The Land of Liberty, Peace and Plenty ...

A New England?. Peace and War 1886 - 1918.

The Glorious Revolution of 1688-9 was a decisive moment in England's history; an invading Dutch army forced James II to flee to France, and his son-in-law and daughter, William and Mary, were crowned as joint sovereigns. The wider consequences were no less startling: bloody war in Ireland, Union with Scotland, Jacobite intrigue, deep involvement in two major European wars, Britain's emergence as a great power, a 'financial revolution', greater religious toleration, a riven Church, and a startling growth of parliamentary government. Such changes were only part of the transformation of English society at the time. An enriching torrent of new ideas from the likes of Newton, Defoe, and Addison, spread through newspapers, periodicals, and coffee-houses, provided new views and values that some embraced and others loathed. England's horizons were also growing, especially in the Caribbean and American colonies. For many, however, the benefits were uncertain: the slave trade flourished, inequality widened, and the poor and 'disorderly' were increasingly subject to strictures and statutes. If it was an age of prospects it was also one of anxieties.

This book provides an authoritative general view of England between the Glorious Revolution and the deathS of George I and Isaac Newton. It is a very wide-ranging survey, looking at politics, religion, economy, society, and culture. It also places England in its British, European, and world contexts. An annotated bibliography provides a guide through a vast minefield of secondary literature.

This is text on history and political thought, acknowledging what has been achieved in English history and showing what injustices need eradication before Britain can call itself a just, free, and prosperous democracy. Taking the idea of John Locke, the great English philosopher, that the fundamental purposes of society are to preserve the civil and economic liberties of the individual, this book assesses the great civil liberties have been won by the people struggling over centuries against the monarchy, Parliament and the judiciary.

Maranatha Publications has reprinted Charles Coffin's 1881 history of the founding of the United States with the desire to make the present generation aware of the role that the founding fathers attributed to Divine Providence.

This book, the first volume to appear of the New Oxford History of England, offers the most authoritative, comprehensive general history of England between the accession of George II and the loss of America. Though conventionally seen as static and politically stable, the eighteenth century was an age of extraordinary vitality and variety, of contrasts and change. Beneath the serene surface of aristocratic government, stately manners, and Georgian elegance, lay a less orderly world of treasonable plots, riotous mobs, and Hogarthian vulgarity. While rapid commercial growth and burgeoning bourgeois pretensions gave rise to the positive achievements of military success and imperial expansion, cultural confidence and polite manners, tensions and contradictions simmered and threatened. Evangelical enthusiasm jostled with scientific rationalism, oligarchical politics with popular insubordination, entrepreneurial opulence with plebian poverty, sentimentality with utilitarian reform. Using the most up-to-date research, Paul Langford reveals the true character of the age, and demonstrates that eighteenth-century society was both strengthened and stretched by the change to which it was subjected. THE NEW OXFORD HISTORY OF ENGLAND series (General Editor: J. M. Roberts) The first volume of Sir George Clark's Oxford History of England was published in 1934. Over the following fifty years that series established itself as a standard work of reference, and a repertoire of scholarship for hundreds of thousands of readers. The New Oxford History of England, of which this is the first volume, is its successor. Each volume will set out an authoritative view of the present state of scholarship, presenting a distillation of the new knowledge built up by a half-century's research and publication of new sources, and incorporating the perspectives and judgements of a new generation of scholars. It is the intention of the General Editor and the Publisher that shall worthily take the place of its predecessor as the standard authoritative account of the national history and achieve a similar classic standing.

Sweet Land of Liberty is Thomas J. Sugrue's epic account of the abiding quest for racial equality in states from Illinois to New York, and of how the intense northern struggle differed from and was inspired by the fight down South. Sugrue's panoramic view sweeps from the 1920s to the present – more than eighty of the most decisive years in American history. He uncovers the forgotten stories of battles to open up lunch counters, beaches, and movie theaters in the North; the untold history of struggles against Jim Crow schools in northern towns; the dramatic story of racial conflict in northern cities and suburbs; and the long and tangled histories of integration and black power. Filled with unforgettable characters and riveting incidents, and making use of information and accounts both public and private, such as the writings of obscure African American journalists and the records of civil rights and black power groups, Sweet Land of Liberty creates an indelible history.

"Old Times in the Colonies" is an outline of some of the principal events that transpired during the colonial period of our country, and portrays the hardships and sufferings of those who laid the foundations of a new empire. It will show how the Old World laws, habits, and customs were gradually changed; how the grand ideas of Freedom and the Rights of Man took root and flourished. It covers the period from the discovery and settlement of America to the Revolutionary War. Contents: Discovery of San Salvador Forces of Civilization First Settlements The Wise Fool of England and His Times The Beginning of Two Civilizations How Beaver-skins and Tobacco Helped on Civilization The Pilgrims First Years at Plymouth Settlement of New Hampshire, New York, and Canada The Puritan Beginning The Puritans Take Possession of New England Island and New Hampshire Affairs at Manhattan The Struggle for Liberty in England, and How It Affected America The Quakers The End of Dutch Rule in America The Times of Charles II King Philip's War Louis Frontenac in Canada Governor Berkeley and the Virginians How the King Took Away the Charters of the Colonies King William's War New Jersey and Maryland Settlement of Pennsylvania Witches The Legacy of Blood Maine and New Hampshire The Carolinas Georgia The Negro Tragedy The Beginning of a Great Struggle Defeat of General Braddock The Emperor or Austria's Will Incompetent and Cowardly Generals Two Civilizations The Destiny of an Empire

Sweet Land of Liberty is an epic, revelatory account of the abiding quest for justice in states from Illinois to New York, and of how the intense northern struggle differed from and was inspired by the fight down South.

This book presents the fundamental topics of traditional American history in chronological order, emphasizing geographical and economic issues and the genesis and growth of America's founding principles. Land and Liberty is part one of the American History Project, a program devoted to the revival of traditional American history in American schools, colleges, and universities.

In the New York Times bestseller, Sweet Land of Liberty, Ellis the Elephant learned why America is the greatest country on Earth. Now Ellis is back and ready to learn about the birth of our great nation in Ellis and the 13 Colonies. Written and illustrated by Callista Gingrich and Susan Arciero, Ellis once again educates and entertains kids as he goes back to the library to learn about the original thirteen colonies. Starting with Jamestown, Ellis journeys through each colony and learns about the different founders, each colony's unique characteristics, and more! From the Pilgrims and the Indians to New Amsterdam and New Netherlands, kids will discover well-known and little-known facts about America and her first settlers. Perfect for children ages 5-8 years old, Ellis and the 13 Colonies will delight young and adult readers alike while teaching kids about America's roots and early history.
