A guide for men whose wives contract breast cancer offers emotional support and advice every husband needs, including guidance from breast cancer doctors and the shared experiences of those who have gone through the same ordeal. Original. 30,000 first printing.

Provides information on the diagnosis and treatment of breast cancer for the husbands and partners of women patients, and offers them advice on caring for and supporting their wives and on dealing with their own reactions.

Scared. Shocked. Depressed. These words describe the more than one million women worldwide who are diagnosed with breast cancer every year. But they also apply to the husbands, fathers, sons, brothers, and friends to whom cancer sufferers turn for support. Stand by Her is written to help these men be the very best supporters they can be, combining solid practical advice with emotional guidance—based both on the author's personal experience and his extensive research. Offering insight into medical, psychological, family, sexual, and financial issues, Stand by Her takes the reader through: □ Interpreting and handling the initial diagnosis □ Making preparations for treatment, from finding doctors and hospitals to organizing family members into an effective team □ Advising her while recognizing that treatment decisions are hers and hers alone □ Maintaining a sense of normalcy in everyday life □ Preparing emotionally and practically when the prognosis is not good The book also provides an exhaustive section of print, online, and other resources for patients and caregivers. One day the war against breast cancer will be won. Until then, women need their men to help them fight. This landmark book will help any man overcome the fear and frustration of dealing with the disease, and arm him with the knowledge and resources he needs to Stand by Her.

□“It is a love story, and a tale of triumph over adversity, full of practical advice reinforced by real-life lessons...”—Linda Fairstein Mark Weiss tells the story of his 38-year-old wife Cathy's battle with breast cancer. It examines the choices they had, the decisions they made, the setbacks they experienced, and the emotional upheaval they faced. Mark Weiss candidly discusses the fears he harbored for himself, his wife and his children during this time of uncertainty. He offers insight into medical opinions, insurance discrepancies, and the toll a serious illness can take on such things as intimacy, professional standing, and financial security. Mark S. Weiss is an executive vice president of a large commercial real estate company.

Brenda Coffee pulls no punches when talking to breast cancer husbands. No subject is off limits, and she keeps her message short and to the point. In her brutally honest and disarmingly candid manner, Brenda offers emotional support and frank information about subjects patients, caregivers and doctors may not be comfortable discussing. As a breast cancer family, Brenda and her husband understand that caregiving does not come naturally to most men. Breast cancer affects the whole family. Even with world-class care, much is quickly demanded of patients and caregivers. Add to that the high percentage of husbands who leave their wives after they are diagnosed, perhaps because husbands do not know what to do, or how to feel, and countless families are torn apart at a time when they need one another most. With few books directed at helping husbands and caregivers, *The Breast Cancer Caregiver: Husbands & Heroes*, offers frank discussions ranging from point of diagnosis to sex and/or lack thereof, to resuming your life when treatment is over.
