29 July 2019. by finlearnhub in C3 - IFRS 9. The simplified approach does not require an entity to track the changes in credit risk, but instead, requires the entity to recognize a loss allowance based on lifetime ECLs at each reporting date, right from origination. An entity is required to apply the simplified approach for trade receivables or contract assets that result from transactions within the scope of IFRS 15 and that do not contain
