The first edition of "The iPhone Book" was chosen by Amazon's editors as their Computer/Technology Book of the Year. This new version of the book, totally updated and expanded for the 3G iPhone, was chosen by Amazon as one of their "Top 10 Must-Have Books" in their annual list of the most "gift-worthy" books of the holiday season. Here's why this book has become such a hit with iPhone users around the world: it's not a "Tell-me-all-about-it" book, which has in-depth discussions on everything from wireless network protocols to advanced compression codes. Instead it's a "show-me-how-to-do-it" book, that skips all the confusing techno-jargon and just tells you, in plain simple English, exactly how to use the iPhone features you want to use most. The book's layout is brilliant, with each page covering just one single topic, so finding the information you need is quick and easy, with a large full-color photo on each page so you can

see exactly how it works. In this book, you'll learn:

- How to set up and manage your email the right way from the start
- How to take advantage of the iPhone's Web features (including important tips that help you avoid frustration, and get you where you want to go fast!)
- How to download and install applications from Apple's online App Store
- The key trouble-shooting tips you've got to know
- How to get your favorite photos onto your iPhone, tips for using its built-in camera, and how to make the most of the iPhone's surprisingly powerful photo features
- The tips you've got to know to use your iPhone's built-in iPod features, including watching videos, podcasts, TV shows and movies (you're going to be amazed at some of the cool things you can do)
- How to use the iPhone's built-in applications to organize your life (you'll learn things in this chapter you didn't know the iPhone could do!)
- The top 20 tips for the iPhone's phone
