'A good liar must have a good memory: Kissinger is a stupendous liar with a remarkable memory.' Christopher Hitchens
Christopher Hitchens goes straight for the jugular in *The Trial of Henry Kissinger*. Under his fearsome gaze, the former Secretary of State and National Security Advisor is

Online Library The Trial Of Henry Kissinger

accused of being a war criminal whose reckless actions and heinous disregard for international law have led to torture, kidnapping, and murder. This book is a polemical masterpiece by a man who, for forty years, was the Angloshpere's preeminent man of letters. In *The Trial of Henry Kissinger*, Hitchens' verve, style and firebrand wit are on show at the height of their potency. 'This is a disturbing glimpse into the dark side of American power, whose consequences in remote corners of the globe are all too often ignored. Its countless victims have found an impassioned and skilful advocate in Christopher Hitchens.' - Sunday Times

"If the courts and lawyers of this country will not do their duty, we shall watch as the victims and survivors of this man pursue justice and vindication in their own dignified and painstaking way, and at their own expense, and we shall be put to shame." Forget Pinochet, Milosevic, Hussein, Kim Jong-il, or Gaddafi: America need look no further than its own lauded leaders for a war criminal whose offenses rival those of the most heinous dictators in recent history- Henry Kissinger. Employing evidence based on firsthand testimony, unpublished documents, and new information uncovered by the Freedom of Information Act, and using only what would hold up in international courts of law, *THE TRIAL OF HENRY KISSINGER* outlines atrocities authorized by the former secretary of state

in Indochina, Bangladesh, Chile, Cyprus, East Timor, and in the plight of the Iraqi Kurds, "including conspiracy to commit murder, kidnap, and torture." With the precision and tenacity of a prosecutor, Hitchens offers an unrepentant portrait of a felonious diplomat who "maintained that laws were like cobwebs," and implores governments around the world, including our own, to bring him swiftly to justice.

* Our summary is short, simple and pragmatic. It allows you to have the essential ideas of a big book in less than 30 minutes. *As you read this summary, you will discover how Henry Kissinger, Nixon's Secretary of State and a respected adviser around the world, was the instigator of numerous massacres, kidnappings, torture and other misdeeds of all kinds. Christopher Hitchens, an English author and journalist, reveals the evidence to support how the eminent gray eminence of American presidents pulled the strings of unscrupulous diplomacy from 1968 to 1977. *You will also discover that : Henry Kissinger led diplomatic actions in support of several dictatorships responsible for large-scale genocides; The United States prioritized its national interest and Realpolitik in the resolution of conflicts in Indochina, Bangladesh, Cyprus and East Timor; Henry Kissinger remains an indisputable specialist in so-called "two-track" secret diplomacy, which he uses both to serve his

Online Library The Trial Of Henry Kissinger

country and his own interests; If applied, international criminal law would bring about the downfall not only of the former Secretary of State, but also of entire sections of the American executive branch in the 1970s. *It is a real charge against Kissinger, backed up by excerpts from memoranda and telegrams, that Christopher Hitchens is making. So much so that with all the written evidence available and all that is yet to come, it is incomprehensible that a Secretary of State of the world's greatest power could have carried out such actions with impunity. Six cases have been sifted through, those in which Kissinger holds significant responsibility and which have led many innocent people to their deaths in the name of reason of state. *Buy now the summary of this book for the modest price of a cup of coffee!

Drawing on firsthand testimony, previously unpublished documentation and broad sweeps through material released under the Freedom of Information Act, Hitchens mounts a devastating indictment of a man whose ambition and ruthlessness have directly resulted in both individual murders and widespread, indiscriminate slaughter.

[Henry Kissinger and American Power] effectively separates the man from the myths." -The Christian Science Monitor | Best books of August 2020 The definitive biography of Henry Kissinger—at least for those who

Online Library The Trial Of Henry Kissinger

neither revere nor revile him Over the past six decades, Henry Kissinger has been America's most consistently praised—and reviled—public figure. He was hailed as a “miracle worker” for his peacemaking in the Middle East, pursuit of détente with the Soviet Union, negotiation of an end to the Vietnam War, and secret plan to open the United States to China. He was assailed from the left and from the right for his indifference to human rights, complicity in the pointless sacrifice of American and Vietnamese lives, and reliance on deception and intrigue. Was he a brilliant master strategist—“the 20th century's greatest 19th century statesman”—or a cold-blooded monster who eroded America's moral standing for the sake of self-promotion? In this masterfully researched biography, the renowned diplomatic historian Thomas Schwartz offers an authoritative, and fair-minded, answer to this question. While other biographers have engaged in hagiography or demonology, Schwartz takes a measured view of his subject. He recognizes Kissinger's successes and acknowledges that Kissinger thought seriously and with great insight about the foreign policy issues of his time, while also recognizing his failures, his penchant for backbiting, and his reliance on ingratiating and fawning praise of the president as a source of power. Throughout, Schwartz stresses Kissinger's artful invention of himself as a celebrity diplomat and his

Online Library The Trial Of Henry Kissinger

domination of the medium of television news. He also notes Kissinger's sensitivity to domestic and partisan politics, complicating—and undermining—the image of the far-seeing statesman who stands above the squabbles of popular strife. Rounded and textured, and rich with new insights into key dilemmas of American power, Henry Kissinger and American Power stands as an essential guide to a man whose legacy is as complex as the last sixty years of US history itself.

Irascible and forthright, Christopher Hitchens stood out as a man determined to do just that. In his younger years, a career-minded socialist, he emerged from the smoke of 9/11 a neoconservative “Marxist,” an advocate of America's invasion of Iraq filled with passionate intensity. Throughout his life, he played the role of universal gadfly, whose commitment to the truth transcended the party line as well as received wisdom. But how much of this was imposture? In this highly critical study, Richard Seymour casts a cold eye over the career of the “Hitch” to uncover an intellectual trajectory determined by expediency and a fetish for power. As an orator and writer, Hitchens offered something unique and highly marketable. But for all his professed individualism, he remains a recognizable historical type—the apostate leftist. Unhitched presents a rewarding and entertaining case study, one that is also a cautionary tale for our times.

Online Library The Trial Of Henry Kissinger

A new portrait of Henry Kissinger focusing on the fundamental ideas underlying his policies: Realism, balance of power, and national interest. Few public officials have provoked such intense controversy as Henry Kissinger. During his time in the Nixon and Ford administrations, he came to be admired and hated in equal measure. Notoriously, he believed that foreign affairs ought to be based primarily on the power relationships of a situation, not simply on ethics. He went so far as to argue that under certain circumstances America had to protect its national interests even if that meant repressing other countries' attempts at democracy. For this reason, many today on both the right and left dismiss him as a latter-day Machiavelli, ignoring the breadth and complexity of his thought. With *The Inevitability of Tragedy*, Barry Gewen corrects this shallow view, presenting the fascinating story of Kissinger's development as both a strategist and an intellectual and examining his unique role in government through his ideas. It analyzes his contentious policies in Vietnam and Chile, guided by a fresh understanding of his definition of Realism, the belief that world politics is based on an inevitable, tragic competition for power. Crucially, Gewen places Kissinger's pessimistic thought in a European context. He considers how Kissinger was deeply impacted by his experience as a

Online Library The Trial Of Henry Kissinger

refugee from Nazi Germany, and explores the links between his notions of power and those of his mentor, Hans Morgenthau—the father of Realism—as well as those of two other German-Jewish émigrés who shared his concerns about the weaknesses of democracy: Leo Strauss and Hannah Arendt. *The Inevitability of Tragedy* offers a thoughtful perspective on the origins of Kissinger's sober worldview and argues that a reconsideration of his career is essential at a time when American foreign policy lacks direction.

Based on insider accounts of the role the U.S. State Department legal adviser played during the major crises from the Carter administration to that of George W. Bush, this book explores whether international law is real law or just a form of politics that policymakers are free to ignore whenever they perceive it to be in their interest to do so.
