!Yoga nidra is like meditation, but yet it's not,! says yoga therapist and yoga program manager, Judi Bar. !There are overlaps, but there also are key differences. With yoga nidra, you are lying down and the goal is to move into a deep state of conscious awareness sleep, which is a deeper state of relaxation with awareness.

What Is Yoga Nidra? — Health Essentials from Cleveland Clinic

Getting Started: Set up your Yoga Nidra practice space by placing a bolster lengthwise on your mat and slipping a block under the top end, so that the bolster slants gently. Lie down with your sitting bones on the mat and with the bolster supporting you from the low back to the head. Place a folded blanket under your head for a pillow.

Learn Yoga Nidra in 10 Simple Steps | Yoga for Relaxation —

Yoga nidra is a state in which the body is completely relaxed, and the practitioner becomes systematically and increasingly aware of the inner world by following a set of verbal instructions. This state of consciousness is different from meditation, in which concentration on a single focus is required.
